

Reaching the Vista Virtual School Learning Management System (SIS) is easy. You can access it through the Vista Virtual School website using the steps provided below.

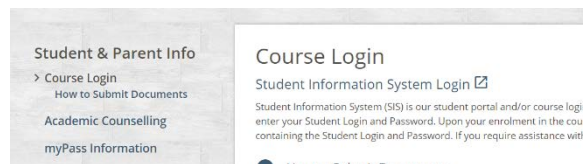

**Note:** SIS works best with either Chrome or Firefox. Please download, install it, and use it for the best possible learning experience.

### Logging in through the Vista Virtual School website

1. Go to the VVS website at <https://www.vvschool.ca/>.
2. Select **Student & Parent Info**. Click Course Login from the drop-down menu.

3. Click **Student Information System Login** in the middle of the page.

4. Enter your SIS username and password.  
**Note:** if you've forgotten your login information, click on **"Forgot your Login and/or Password?"** and enter your email address and click **Submit**. Your login information will be emailed to you.
5. Click **Login**. Once you've logged in, you'll be taken to the Moodle home page.

**Note:** Because SIS and Moodle passwords are synchronized, there's no need to re-enter your login information. The system will automatically recognize you and take you to your SIS home page.

**Contact**

If at any time you have questions, please contact us at 1-855-974-5333 x5317 or [vsupport@pembinahills.ca](mailto:vsupport@pembinahills.ca).

6. **Locate your course list** – it lists all of the courses you have available. Just click on the course you want to get started.
7. **Returning to the Home Page**
8. Want to go back home? No worries! Click on the Home icon or VVS logo in the top left corner of any page and you will be returned to the home page and see your “My Courses” listing.
