

Here's what to do when you reach the end of a quiz:

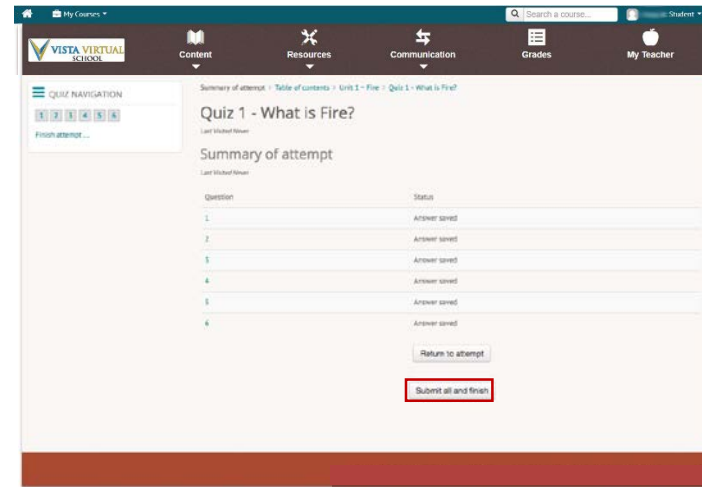

1. Be sure you are ready to submit. The questions in the navigation tool will turn gray once you've completed them.

If you need to double-check a question, click on it, or use the **Return to attempt** button.

2. To finalize your quiz, click the **Submit all and finish** button. **Caution:** Be careful! Once you've pressed this button, you won't be able to go back and change your answers.

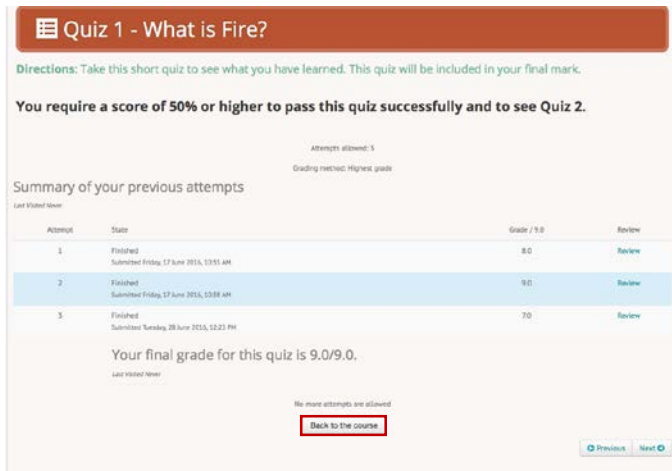

**Note:** When quizzes offer feedback, the responses will be colour-coded. Green means the answer is correct. Red means the answer is incorrect, and yellow means the answer is partially correct. Be sure to read carefully the feedback in the yellow area under the question.

When you're ready, you can finish your review by clicking the **Finish review** link at the bottom of the page.

**Note:** Don't worry; you can return to the quiz page anytime you want—in the bottom corner, you'll find a link that will allow you to go back to the review whenever you want.
