

Viewing feedback on Vista Virtual School's Online Learning Management System (SIS) is easy. You can do this in one of two ways:

- [Through the Grades menu](#)
- [Through the Table of Contents](#)

### To View Feedback through the Grades Menu

1. On the navigation bar, select the **Grades** menu.

2. Here, you'll see your grades and feedback for the current course. If you're satisfied with just the summary information, you can stop here and return to the home page when you're finished. If, however, you want to view your assignment in further detail, click on the **link** beside it.

Project	Project total	Weighted mean of grades	Grade	Feedback
Project 2	100.00 %	95.00 %	95.00 %	Great work! The poster provides an extensive explanation of the topic in a clear and concise manner and the information provided is accurate.
Project 1	0.00 %	(Empty)	0.00 %	
<b>Midterm Exam</b>

Midterm Exam Highest grade	0.00 %	(Empty)		
Midterm Exam	0.00 %	(Empty)	0.00 %	

**Note:** Notice how your Grading status has changed from **Not graded** to **Graded**. This means that your work has been marked and that the results are now available for you to review in the **Feedback** section below.

**Note:** The **Feedback comments** and **Feedback files** fields contain your teacher's remarks and annotations from the original file you submitted.

**To View Feedback through the Table of Contents**

1. On the navigation bar, select the **Content** menu and choose **Table of contents** from the dropdown.

2. Look for the assignment (all assignments will appear beside an icon with an outstretched hand). Click on the link *beside* it.

**Note:** Notice how your Grading status has changed from **Not graded** to **Graded**. This means that your work has been marked and that the results are now available for you to review in the **Feedback** section.

**Note:** **Feedback comments** and **Feedback files** fields contain your teacher's remarks and annotations from the original file you submitted.
