

40-Day Non-Starter Automatic Enrollment Withdrawal

SENIOR HIGH SCHOOL SI COURSES ONLY

Revised: October 30, 2020

This document is intended to assist ADLC’s partner affiliation staff with understanding the 40-Day Non-starter Automatic Withdrawal process, for senior high school Student Instruction (SI) courses only, in ADLC’s Student Information System (SIS).

To allow our teachers to focus on the students who are active in each course, there is an automatic withdrawal process for students who do not have grades in the ADLC SIS **40 days** after their start date. *Elementary and junior high SI courses have a [60-day policy](#).*

You can also check out our [video](#) about the new policy.

SIS checks daily for students (SI - Student Instruction) that meet the following criteria

- Students enrolled in ADLC sections that have no grades in SIS
- Students that have no items in a **Received** or **In Transit** status (in lesson recording area of SIS). *Note: Lessons submitted in Moodle would not prevent the student from being withdrawn.*
- Enrolment start date of 20 days or 40 days prior to current date

Locating the Projected Non-Starter Drop Date

To locate the date the student is scheduled to be withdrawn, find the student’s profile. In the *Enrollments* section in the menu on the left-side of the screen, select **Current Enrollments**. Scroll to the right and see the date listed in the *Projected Non-Starter Drop Date* column.

20-Day Notice

If it has been *20 days* from the student’s start date (see below for instructions on how to locate start date), then the student; guardian; coach; the Affiliation’s DE Contact; and the ADLC Teacher will receive an email providing notice that the student will be withdrawn in 20 days.

40-Day Withdrawal

If it has been *40 days* from the student’s start date (see below for instructions to locate the start date), the student’s enrollment will be withdrawn. An email will be sent to the student; guardian; coach; the Affiliation’s DE Contact person; and the ADLC Teacher acknowledging the withdrawal. Withdrawn students will have the option to register in courses again in the next semester, pending availability.

All email notifications are recorded in the *Communications* section of the student's SIS file

- The student will be withdrawn from their course.
- Under *Enrollment History* (*Enrollments* section in menu on the left side), it will indicate **Non-starter Drop** in red font. Under Enrollment History, it will say “Non-starter Drop” in red font.

In the *Student Log* (in the *Historic Data* section in the menu on the left side), it will show an enrollment update for the withdrawn course status from *ACTIVE* to *WITHDRAWN_WITHOUT_FUNDING*. The *User* field will be blank as this was done automatically.
